26/7/2018

Dear Mr. Scott,

Thank you for the photocopies and permission to photograph line 71 of your Register.

When convenient, may I request a solicitor certified copy of the Sandcastle affidavit which I sent to you and was received in your offices on 15/4/2016? I enclose a copy of the covering letter accompanying that affidavit which was, as you will see, initialled by your then District Planning Officer, Kelvin Williams, (" KW "), and another individual " APA ".

You will recall that my affidavit described the evidence and circumstances where your then Assistant District Planning Officer, Ian Kay, commented on his father in law's planning application. A letter of declaration was on the yellow headed set of microfiches giving the address "High Trees, Horsted Keynes". This yellow headed set is now unavailable. At some unspecified time after 8/12/1987 line 71 of your Register was corrupted to achieve retrospective compliance with protocol.

If you do not sue me for perjury within the proscribed period, (which I believe is three years), would I be right in assuming you will be deemed to have accepted the contents of my affidavit by acquiescence?

I appreciate there will be a charge for the certified copy which I am prepared for.

Yours,

Chester Hudson.

By recorded delivery KK 3340 7298 5GB.

Heath Close, Old Heathfield Road, Heathfield, East Sussex, TN21 9BN.
13.iv.2016

Dear Sir,

I enclose an affidavit which is self explanatory.

You may sue me for perjury. If you suppress the critical microfiche and have the matter decided on half evidence you may succeed.

For the avoidance of doubt this letter will also be sent under recorded delivery docket KF 7485 9793 5GB.

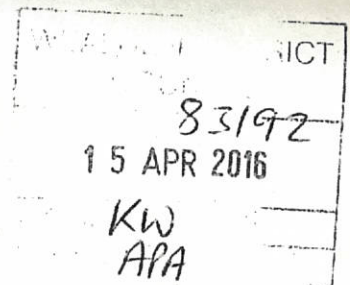

Yours,

Chester Hudson.

Enc. Affidavit sworn on 13.iv.2016
